Mastering the art of fine perfumery, the internationally-recognized **Le Labo** has partnered with Park Hyatt hotels and resorts globally to create residential **Body & Hair collection** that highlights the signature personality of each property. Le Labo's commitment to using **natural ingredients** and its personalised approach to fragrance aligns well with Park Hyatt brand values, which emphasise **authenticity, sophistication, and attention to detail**. Park Hyatt Saigon's transition to large format amenities further embraces our ongoing efforts to reduce single-use plastics in all guestrooms.

### BERGAMOTE 22 – A masterpiece of citrus presentation

This dazzling fragrance combines **freshness, sweetness and sensuality** with acrobatic talent. All these qualities were encompassed in the perfume's initial code name: "**Fire Cologne**". It is the delicate floral character of **petit grain**, the bitterness of **grapefruit**, as well as the flamboyant sweetness of **amber and musk** with a touch of **vetiver**, which gives BERGAMOTE 22 its unique personality.

# Oyster and Champagne O'clock

Dating back the clock to the end of the 19th century amidst the idyllic **Marennes-Oléron** pearl, where the legendary craftsmanship of oyster farming was established by none other than the young master Henri Gillardeau. A name reigns supreme as a **byword for excellence**, its gastronomic heritage has spanned the generations and later blossomed into the **illustrious Maison Gillardeau**, continuing the family's centuries of uncompromising ethics, unparalleled commitment, and limitless imagination for high quality oysters.

And with a glass of Champagne in hand, you will be indulged in a **stunning complementary set of umami flavours**. **Moët & Chandon Champagne** is a classic choice that can introduce a perfect balance in taste, thanks to its understated floral and fruity hints.
