## FAUVISM

### MOVEMENT OF THE WILD BEASTS

#### THE ART OF AFTERNOON TEA - EXCLUSIVELY AT PARK LOUNGE

Led by a group of artists who adapted a style of bold and expressive reaction to the objects portrayed, Fauvism is the first new movement of modern art in the twentieth century. Influenced by post-impressionism and neo-impressionism, this avant-garde movement was first introduced to the public at the 1905 Salon d'Automne in Paris and the contrast to the traditional style was so prominent that art critic Louis Vauxcelles mockingly described the artists as "les fauves" or "wild beasts" and thus the name was born. Although it was short-lived, Fauvism remains significant for its unique approach to art, emotionally intense yet very visually radical.

Park Hyatt Saigon's Pastry team led by Chef Frederic Guinot has drawn inspiration from this striking art movement and has created a new collection of delicacies for our celebrated Art of Afternoon Tea series. High tea experience at The Park has always been well loved among guests as our delicate and exquisite treats are carefully and freshly handcrafted to be served with the finest drinks in the sophisticated and luxurious Park Lounge. Join us on this creative journey and explore Fauvism through our decadent and extravagant offerings.

The buffet is on every Saturday and Sunday, from 2pm to 5pm.  
Price starts at VND 730,000 per person, inclusive of our high tea buffet and hot beverages.

All prices are subject to 5% service charge and then 10% VAT.
